

## PRESS RELEASE

### **CONSULTATIVE MEETINGS ON SCHOOL AND COLLEGE CURRICULA AND ASSESSMENT REVIEW IN MALAWI**

**ATTENTION:** GOVERNMENT MINISTRIES, DEPARTMENTS AND AGENCIES (MDAs), DEVELOPMENT PARTNERS (DPs), INTERNATIONAL ORGANISATIONS, CIVIL SOCIETY ORGANISATIONS (CSOs) AND ALL PROFESSIONAL BODIES IN EDUCATION

The Ministry of Education (MoE), through the Malawi Institute of Education (MIE), has embarked on reviewing school and college curricula and assessment procedures. The review focuses on pre-primary, primary, secondary and primary teacher education curricula. The purpose of the review is to align the school and the teacher education curricula with the aspirations of Malawians as stipulated in the Malawi 2063 Agenda. The school and college curricula review would critically support human capital development for socio-economic growth by empowering citizens with the critical knowledge, skills, values and attitudes required to navigate the rapidly evolving global world.

One of the review process activities is consulting all MDAs, DPs, CSOs and professional bodies in the education sector on the school and college curricula. The Ministry of Education recognises the vast treasure of expertise these institutions have and how they can add value to transform education in Malawi. The Malawi Institute of Education, therefore, invites **one representative** from all MDAs, DPs, International Organisations, CSOs and professional bodies in the education sector to consultative meetings to be conducted as follows:

**Dates:** **13<sup>th</sup> March, 2024:** Development Partners and International Organisations

**14<sup>th</sup> March, 2024:** Civil Society Organisations and professional bodies in the education sector

**15<sup>th</sup> March, 2024:** Ministries, Departments and Agencies

**Venue:** Cross Roads Hotel

**Time:** 9:00 am – 12:00 pm

Discussions will centre around your view on the following thematic areas:

1. The type of graduates the education system produces
2. Knowledge and skills you expect the graduates to demonstrate

3. The kind of education Malawi should offer to meet the aspirations of the Agenda 2063
4. Successful implementation of curricula to produce the desired graduates in terms of:
  - a. Teacher preparation
  - b. Involvement of stakeholders
  - c. Resourcing the curricula
  - d. Leadership and management
  - e. Policies guiding curricula

Creating a self-reliant and wealthy nation relies on our ability to contribute to shaping a more equitable and inclusive educational future where the institution's unique perspectives are acknowledged, and dreams and aspirations are realised. By participating in the consultative meetings, each institution will invest invaluabley in transforming education and developing human capital for Malawi's economic growth.

Kindly be informed that refreshments will be provided. However, MDAs, DPs and all organisations must provide for their officers' accommodation and transport.

Your voice counts; plan to participate in the consultative meetings!

Views on school and college curricula may also be sent to:
